

God Made You Beautiful 02-02-16

V1 You don't need approval from a man
Everything you are is in God's plan
You don't need a glance from a man
When you were made, it was by His hand

Pre-Ch: This world tells you, you need to change
That you need to be a different frame, but

Chorus: God made you perfectly
How you were meant-to-be
He'll make your spirit free
In time only you will see
So let your heart be full
Cuz God made you beautiful

V2 You need to know you're good enough
They don't know you're a diamond in the rough
You need to hold a hand of trust
Fall in love with grace and out of lust

Pre-Ch: The world says that ya gotta compete
But to be complete
Ya need ta see the deceit

Chorus

Pre-Bridge: You are beautiful
Fearfully and wonderfully made
(2X)

Bridge: With joy, live your life
He will lift your strife.
Look for the good.
Love others the way you should.
It's time to change your mind.

Chorus: Add to very end:
Cuz God made you beautiful
