

Humble Me

Jan 5, 2016

V1 Pride is a silent parasite
Hidden and quiet, growin' inside
It finds me, blinds me, lies to me
Then binds me, oh oh

Chorus: Humble me
The more I die, the more I'm free
I need to know, you won't let go,
Cuz I can't breathe

As I embrace this mystery
I find my true identity-
Christ in me
Humble me, humble me, humble me
Humble me, humble me, humble me

V2 Thought I was rich, found out I'm poor
I can't take me anymore
Reduce me, refuse me
Strip away my vanity, oh oh

Chorus:

Bridge: I wanna fly like a bird in the sky
High above my idol
Light as the air cuz I'm less
I'm triumphant in battle

Chorus: Humble me
The more I die, the more I'm free
I need to know, you won't let go,
Cuz I can't breathe

As I embrace this mystery
I find my true identity-
Christ in me
Humble me, humble me, humble me
Humble me, humble me, humble me
